About DuraPlay™

DuraPlay, Inc. is a full-service surfacing supplier offering multiple safety surface system options for playgrounds, aquatic areas, walkways, and multi-use recreational areas.

With over 30 years of industry experience, DuraPlay™ has built its reputation on providing top-quality products and after-the-sale customer service. We proudly stand behind the more than 4 million square feet of poured-in-place surfacing we've installed to date!! DuraPlay™ uses the best materials available along with strategically located, highly-experienced crews to achieve consistently exceptional results and satisfied customers.

To sum it up... DuraPlay™ is dedicated to providing the highest quality surfacing at the best value in the industry.

CHOOSING A SURFACE

Safety, accessibility, and durability are important factors in choosing a playground surfacing system. Statistically, 75%-80% of playground injuries occur when a child falls to an unsafe surface. The surfacing system can make a difference concerning the safety of a playground. DuraPlay is as safe as possible and to meet ADA requirements. We provide a system that will achieve ultimate safety, accessibility and

Facts & Benefits

- Safe
- Proven Durability
- Seamless, No-Trip
- Slip Resistant
- ADA Compliant
- Permeable
- Low Maintenance
- Fire Resistant
- Endless Design/Color Options
- Exceeds CPSC Guidelines
- Environmentally Friendly
- Consistent Fall Protection

DuraBound™

SURFACING SYSTEM

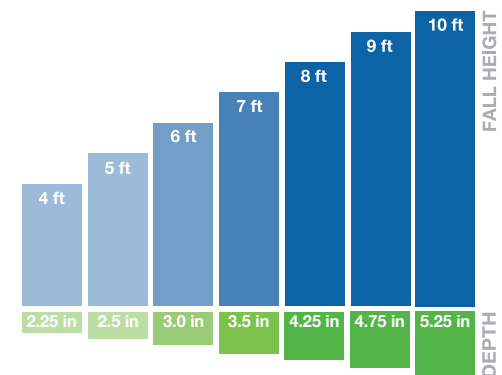

DuraBound™ Safety Surface is comprised of shredded rubber mulch mixed with aromatic polyurethane binder to form a single-layer unitary surfacing system. Mixed and poured on site at varied thicknesses based on the designated fall height requirements, the DuraBound system meets or exceeds ASTM 1292 standards. DuraBound™ is non-toxic and provides a natural appearance with consistent fall protection. Our color pigmented shredded rubber material is available in 6 color options that can be combined or used individually.

Facts & Benefits

- Permeable
- Non-Toxic
- ADA Approved
- 100% Recycled
- Low Maintenance
- ASTM F-1292 Compliant
- Seamless, Natural Appearance

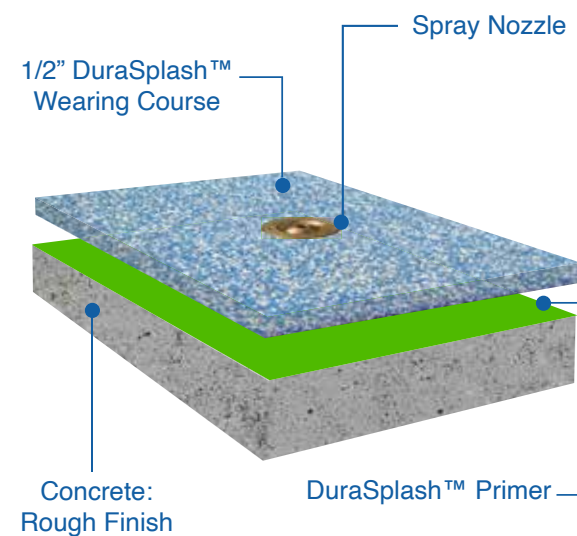

DuraSplash™ Water Play Surface is constructed using a combination of UV resistant TPV rubber granules and our proprietary chlorine resistant aliphatic binder forming the most durable, long-lasting water play surface available. For use on pool decks, zero entry pools and spray grounds, this non-slip surface is ADA compliant and easy to maintain. DuraSplash™ comes in a wide array of fun colors and endless design options adding play value and excitement to any aquatic area.

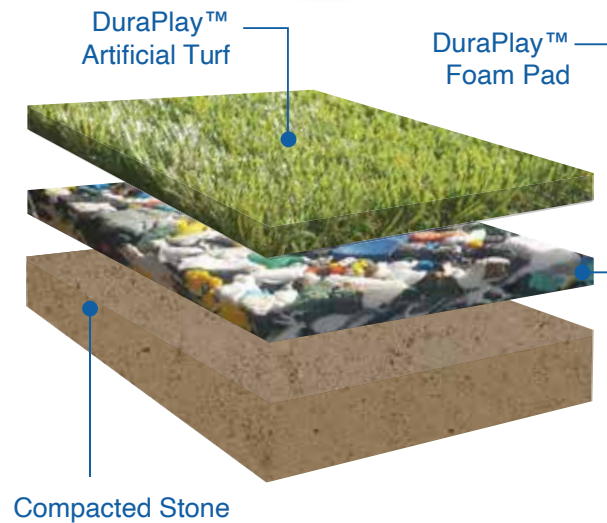

Facts & Benefits

- Slip-Resistant
- Low Maintenance
- Proven Durability
- Endless Design Options
- UV and Chlorine Resistant
- Concrete

DuraPlay™

ARTIFICIAL TURF

DuraPlay™ Artificial Turf is our first-rate line of synthetic turf surfacing. It is durable and non-abrasive, providing longevity and the realistic appeal of freshly cut natural grass. It is available in 2 color and weight options and unlike real grass, this system meets ASTM 1292 standards so it's perfect for playgrounds and other recreational spaces. And best of all, it does not require mowing, fertilizing or watering making it low-maintenance and environmentally friendly!

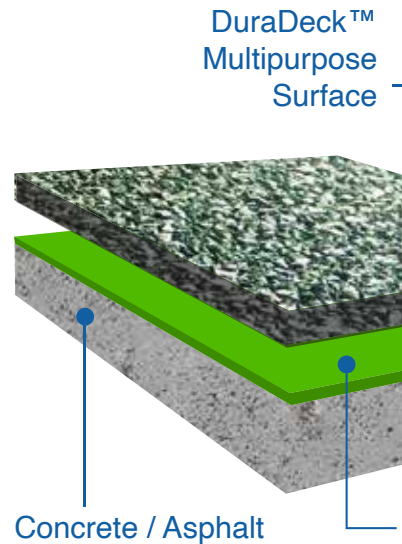

Facts & Benefits

- ADA Compliant
- Low Maintenance
- Inlaid Design Option
- Environmentally Friendly
- Consistent HIC Safety Ratings
- Excellent Drainage / Dries Quickly
- Safe, Clean and Natural Looking
- ASTM F1292 Compliant for Various Fall Heights
- Eliminates Constant Maintenance of Loose Fill Surfacing
- Requires No Chemicals, Fertilizers or Insecticides

DuraTrail™ Surfacing System is made by combining crumb rubber and polyurethane binder to create a seamless unitary surface. It is a low-maintenance and durable alternative to traditional impervious sidewalks or paths. DuraTrail's highly porous characteristic and recycled rubber content makes it environmentally friendly while providing slip resistance and cushion that reduces knee and back impact. DuraTrail comes in 8 colors that can be combined or used individually.

DuraDeck™

— MULTI-PURPOSE SURFACE —

DuraDeck™ Multipurpose Surface is primarily used for walkways, patios, decks, jogging tracks, outdoor fitness areas and multi-use recreation areas. Its slip resistant feature and design versatility make it a safe and attractive surfacing option for areas with no fall zones. This durable surface is easy to maintain and ADA compliant. It comes in all DuraPlay™ colors and color combinations with endless design options.
